

Senior Healthcare Worker

Sector	Health and social care
Who is it for?	New recruits and existing staff
Start date	Flexible to suit the employer
Level	3
Duration	21 months
End-point assessment	Three months
Qualification	Level 3 Diploma in Healthcare Support
Delivery model	Weekly college session

The standard aims to give the Apprentice the knowledge, skills and behaviours to successfully complete the senior healthcare support worker tasks and duties.

Day-to-day tasks may include delivering high quality and compassionate person-centred care within health and care services. This role is carried out under the direct or indirect supervision of a registered healthcare professional, helping to provide clinical, therapeutic or diagnostic care within a range of health and care settings.

Typical job roles include:

Maternity support worker

Senior healthcare worker

Assistant Practitioner
