Training, Tutoring and Assessment

The delivery model for our legal apprenticeships uses a blended model of face-to-face contact with online learning activities via our dedicated Virtual Learning Environment (VLE). We offer both day time and evening College attendance to suit the specific needs of a wide range of employers. This approach also allows us to meet the needs of a wider range of students, giving them direct access to the teaching and assessing staff within a classroom setting, along with their peers, but also the flexibility to do follow-up work and preparation remotely via the dedicated course pages on the VLE.

The whole programme takes approximately five years to complete, at which point your learner can start their final assessment. The pace at which the learner progresses will be driven by both you and them. We will work closely with you to plan and deliver appropriate support and training. Your apprentice will mainly learn on the job, but training and one-to-one tutoring are a key part of the new apprenticeship standards, not just assessment, with more time on tutoring as part of the 20% off-the-job training.

We will carry out joint reviews with you at regular intervals to discuss progress. You can use your normal performance management processes to monitor the progress of the learner, provide feedback and guide development. Your learner will be expected to keep a portfolio to track their learning and development throughout the apprenticeship.

As part of the on programme assessment your learner will work to gain CILEx Level 3 Professional Diploma in Law and Practice and CILEx Level 6 Professional Higher Diploma in Law and Practice.

End Point Assessment

In conjunction with the College, you will be asked to formally sign-off that the learner has met the minimum requirements for knowledge, skills and behaviours within the apprenticeship standard and confirm they are ready to move on to the final assessment. This will consist of two parts; each part will be assessed by CILEx Regulation or a body chosen by CILEx Regulation for this purpose. The two parts are as follows:

Portfolio: Throughout the apprenticeship, you apprentice will keep a portfolio of evidence demonstrating the skills, behaviours and knowledge they have acquired.

Case Study: The case study will, where possible be taken from your apprentice's caseload, or where this is not possible we will provide a scenario. Through the case study your learner will demonstrate the necessary underpinning skills and knowledge drawn from their development throughout the apprenticeship. The learner must demonstrate the ability to run a legal matter from start to finish, including collating the facts of the client's case, the relevant law and how it applies to the case, how the information was communicated to the client, together with further actions taken to represent the client and the outcome.

For more information on the assessment for Chartered Legal Executive please see the full assessment plan in the Apprenticeship Standard documentation. We will arrange the End Point Assessment.

Apprentice Entry Requirements

There are no formal entry requirements. However it is recommended that students have a minimum of four GCSEs at grades C or above (including English Language or Literature) or equivalent qualifications. Individual employers may identify any additional relevant entry requirements for employment in terms of previous qualifications or other criteria.

Progression Opportunities

Students successfully completing the Higher Professional Diploma in Law & Practice at Level 6 will become Graduate members and will be working towards being admitted by CILEx as a Fellow (and thus fully qualified). Once all the components of the course have been successfully completed, it is necessary to carry out supervised work of a legal nature for at least 20 hours per week over a period of three years. Two of these years will be accrued during the first two years of the apprenticeship, alongside Level 6 study. At that point you will be eligible to apply to become a qualified Chartered Legal Executive lawyer, and a CILEx fellow. The third year of the apprenticeship focusses on getting apprentices admitted as CILEx Fellows.
